
0.1 Question 2d

(Written Response) If we were to drop businesses with postal code values equal to `missing_postal_code`, what **specific types of businesses** would we be excluding? In other words, is there a commonality among businesses with missing postal codes? **Please respond in no more than 2 sentences.**

Hint: You may want to identify and Google the names of the businesses with missing postal codes. Feel free to reuse parts of your code from 2c to re-examine `bus_missing` but we will not be grading your code.
